VOL. 56 — No. 34

Observations... From Around Town

(BY JAY WHOZIT)

Yessir, kids, it won't be long now till the old school bell will be ringing again. . . . elsewhere in this issue, are dates for registration and opening of classes for all Bay St. Louis schools . . . next Tuesday, August 26th is election day again, the Second Democratic Primary, so get out your tax receipts or exemption certificates and prepare to mark your X opposite the name of your favorite candidate. . . . the Layman's retreat held last weekend at Saint Stanislaus was a grand success with a large number of men from out-of-town attending. . . . the School Board of Trustees of the City of Bay St. Louis are again asking for bids for the construction of an eight class room school building for the Valena C. Jones Colored School, to replace the one destroyed by fire. . . . Francis W. (Goat) Lee, who is a candidate for reelection to the state House of Representatives, says that the "big boys" are fighting "old goat" . . . judging by the number of votes he received in the First Primary there certainly must be a lot of big boys. When a man states from a Speakers' stand that folks are (.....) liars when they said that he got drunk after coming to Bay St. Louis, that man should not be elected to be your Representative; and when "Old Goat" made his other lewd brag in the same speech from the same platform, it was an insult to the electorate of Hancock County and to his listeners, and certainly Hancock County should be represented by someone whose thoughts are above lewdness and drunkenness, and we think that "old goat" will again think that there are many big shots, as he would call them, when the votes are counted on the night of August 26th. . . . there will be another meeting of the Catholic men of our Parish, on Monday night, August 25th, at the Knights of Columbus Hall, on Main Street, to devise ways and means of completing the remodeling and redecoration of the Church of Our Lady of the Gulf in time to celebrate Centennial of the Parish in October. . . . This week's issue contains the Delinquent Realty Tax Rolls of the City of Bay St. Louis and Hancock County. . . . The Library is sponsoring a Book Review on Tuesday August 26th at Episcopal Parish House on Carroll Avenue. . . . Mrs. Benjamin Yancey will review "Together," by Mrs. Katherine Tupper Marshall, to be sure to attend. . . . Brother Robert, former Vice-President of Saint Stanislaus was buried here on last Saturday morning, in the Stanislaus Cemetery, he was 63 years of age. . . . as stated once before in this column, the opportunity for some wide-awake florist to open a branch here in Bay St. Louis was never better than it is now, we are sure our town could more than support a good florist. . . . we are not quite sure whose job it is—but either the county or city officials should get busy and clear away the weeds which have entirely covered our one-time beautiful sand beach, bathers have to practically beat a path to get to the water, not a very good advertisement for our fair city.

Men Of The Parish Of Our Lady of the Gulf to Meet On Monday Night, August 25th, At K. C. Home

An invitation has been extended to the men of the Parish of Our Lady of the Gulf to attend a meeting to be held on Monday night, August 25th, at the Knights of Columbus Home on Main Street, for the purpose of devising ways and means of raising funds for the completion of the work being done on the Church of Our Lady of the Gulf, preparatory to the Centennial Celebration. . . . In the course of the work of improvement now in progress, certain deterioration and defects in the Church building were uncovered. These were unforeseen and no provision had been made to care for this added work. The conditions need immediate attention, and the necessary sums needed for this repair must be raised, and all work paid for prior to the Centennial Celebration and Dedication of the Church, as no debt can exist on the building at the time of the Dedication. . . . Right Reverend Monsignor A. J. Gmelch, is hopeful that all of the men of the Parish will answer the call, and that the necessary funds will be raised.

Senator Theodore Bilbo Died On Thursday, At 1:05 P. M.

Had Served Mississippi as State Senator, Lieutenant Governor, Two Terms, as Governor and U. S. Senator Since 1934—Was Dominating Factor in Mississippi Politics For Forty Years

United States Senator Theodore G. Bilbo, died at the Foundation Hospital in New Orleans, Thursday, August 21st, at 1:05 P. M. He had had several operations performed for the removal of part of his chin, due to a cancerous condition, and was in the hospital undergoing tests preparatory to replacing the removed parts; when other complications developed which resulted in his death.

He was born near Poplarville, Miss., on October 13th, 1878, in that part of Pearl River County that was then Hancock County, the son of James O. Bilbo and Betty Wallace Bilbo. His first work was that of a school

teacher, having taught at Bayou LeGarde and Kiln in this County. Furthering his education he attended Peabody College, at Nashville and the University of Michigan. He first offered for public office in Pearl River County as a candidate for Circuit Clerk, and was defeated. In 1907 he was elected to the State Senate representing this district, which then comprised five counties. In 1911 he was elected Lieutenant Governor and in 1915 he was successful in his candidacy for the Governorship. In 1918 he was defeated for Congress by the late Governor Paul B. Johnson. In 1920 he retired from the Governor's office, and many people throughout the State thought that he was forever removed from the political limelight, this was not true however, in 1924 he again became a candidate for Governor and was defeated in the second primary by the late Governor O. Henry L. Whitfield. In 1927 he was elected Governor and his election gave him the honor of being the only man who served the State of Mississippi for two terms as Governor. Again at the end of this term his opponents felt that he was relegated to political oblivion, but as before he came back stronger than ever, and was elected as United States Senator in 1934 over the then Senator Hubert D. Stephens, he was reelected in 1940, over Former Governor Hugh L. White, and in 1946 following a terrific campaign he was nominated in the First Primary to succeed himself in the Senate over four opponents.

Following this election and at the convening of the senate in January, he was not allowed to take his oath of office, much to the disappointment of his many friends in Mississippi. This act on the part of the Republican and Northern Democratic Membership of the Senate, strengthened his political power in his native state. Governor Wright having state publicity that in the event he was refused the right to take his office that he would reappoint him and would continue to do so. His death has removed an outstanding figure that has been a dominating factor in Mississippi politics for the past forty years. Funeral arrangements have not as yet been completed, but it is to be assumed that he will be buried at Juniper Grove Cemetery by the side of his mother and father. His successor will be named by Gov. Fielding Wright.

Brother Robert, S. C., Died At Hotel Dieu Last Friday

Brother Robert, Auditor at St. Stanislaus, died at Hotel Dieu last Friday, August 15th, the Feast of the Assumption of the Blessed Virgin. He had been stricken with a brain hemorrhage the preceding Monday morning, shortly after he had eaten breakfast. When other complications arose, he was rushed to New Orleans, where he lingered in a comatose condition until 3:30 Friday morning when he breathed his last. Funeral services were held on Saturday morning from St. Stanislaus Chapel following a Requiem Mass.

Brother Robert in the world Frank Ryder, was born at Indianapolis, Indiana, December 18, 1884. His parents died while he was still very young, and he was raised by a fine Catholic family of the parish. He was a pupil of the Brothers of the Sacred Heart at St. Patrick's School. One of his foster brothers, Joseph Mammel, became a priest in the diocese of Indianapolis. He is now a Monsignor located at a little town near Evansville.

Brother Robert made his studies at Victoriaville, Canada. He taught during his life at Catholic Boys Home, Mobile; Donaldsonville, Vicksburg, Baton Rouge, Meridian, New Orleans and for the last twelve years has been at Stanislaus where he had relieved Brother Fabian. WE SHOULD GIVE CONSIDERATION TO THE TYPE OF MAN WE SELECT TO REPRESENT US IN THE LEGISLATURE

IT IS time for the people of Hancock County to realize that it is important for us to select a man who is capable of representing us in the Mississippi Legislature. Heretofore we have given little thought to this important office. It has become a forgotten office in so far as the electorate of Hancock County is concerned.

The pay of a Legislator has been so small that very few men will offer for the office. Once elected it becomes necessary for your Member of the Legislature to live in Jackson for a period of three to four months every two years, and for this period of service he has been paid the measly sum of \$1000.00. This sum barely covers his expenses, and if it does he must be careful as to where he puts his pennies.

It has often been said that the Mississippi Delta allows the other parts of the State to elect the Governor, and then through their members of the Legislature control state affairs. This is a true statement is ever there was one uttered. We have only to check the roll of the membership in the Legislature and we are confronted with the names of Walter Sillars, Oscar Wolfe, Hilton Waits, Littleton Upshur and others from the Delta Counties, and we see the long tenure of office that these particular men have enjoyed. When we see the committee assignments we find them at the top of the list on the major committees. Why? Because they are capable men, and they have been returned year after year, and they know the run of the Legislature. The Delta Counties will not send a Representative to the Legislature who is not able to represent them. They take their legislative business seriously, and rightfully so, while we just vote for some individual never thinking of the importance of the office and what it means to a County to be ably represented. We should at least have a representative who knows his way to the Capitol. One who would at least know the nature of the bills upon which he is about to cast his vote. One who would at least command the respect of his colleagues and one who would not be the laughing stock of the Legislature.

Harrison County is planning to have legislation introduced for the purpose of having the State cooperate with the Federal Government to build its sand beach along the coast line. Hancock County needs the same thing and what has been done about it and what will be done if we have the same type legislator for the next term that we have had in the last four years. We doubt if he would even know if such legislation were introduced, let alone be able to see that his county was taken care of.

The Coast is Mississippi's playground and the members of the Legislature realize that its development means much to the State. It is one of its greatest advertising mediums, and they have afforded the Coast Counties every legislative means to help develop it, and we think that they will go as far as to appropriate money at this or the next session to meet a Federal appropriation to pump sand beaches in order to protect the Sea Wall, and we certainly should not pass up the opportunity to get our part, and the only way to accomplish this is to have a representative who will at least know what is going on, and who will see that his County is taken care of.

There is much legislation that is introduced and we should have a man, who will at least know whether it is beneficial to his County or not, and last but not least we should have one who will not straddle the fence and take a run out powder as Goat Lee, did at the last session, when such bills as the repeal of the black market tax is presented. Regardless of his convictions he should have cast his vote for or against such legislation. The people of Hancock County sent him there for that purpose, and he certainly should have exemplified enough courage to have voted on the question whether his vote may have been right or wrong.

Again we say, that it is time for us to send one to the Legislature who at least shows some promise of having the necessary ability to represent us, and if he prove this, he should be kept there, and with this thought in mind we are going to cast our vote for Emile J. Gex, Jr., to represent us for the next four years in the House of Representatives.

AMERICAN LEGION NEWS

The Clement R. Bontemps Post No. 139 of the American Legion held their regular meeting, on Tuesday night, Aug. 19th, and much thought and discussion was had toward furthering their campaign for the building fund which, when consummated will give Bay St. Louis one of the nicest Legion homes in the State. This building coupled with the Public Pier which will be erected first will be a much needed facility for the benefit of our local people as well as the tourists who at this time are forced to go elsewhere along the coast if they wish to swim in our waters.

It is also announced that the mahogany boat, trailer and outboard motor and the new Ford Deluxe sedan are now on display at the Bay Motors Inc. Tickets for the raffle of these two prizes are for sale by every legionnaire as well as some of the business houses in town. Each ticket will entitle the holder to two chances, the first prize being the Ford Sedan and the second, the boat with the trailer and motor. It is anticipated that both prizes will be displayed in and around Waveland on Labor Day where large crowds are expected.

We are glad to announce that negotiations were finally completed on the lot on Washington Street which is to be the site of the Legion Home. In acquiring this location it now makes the Clement R. Bontemps Post exclusive owners and brings the realization of a new modern home just a little bit closer.

It is anticipated that Mr. Ed. P. Ortle will leave for New York the night of August 26th to attend the National Convention of the American Legion of which he is a delegate to this body.

National Grand Conclave Kappa Sigma Fraternity Convened At Edgewater Hotel, Sept. 2-7

The National Grand Conclave of the Kappa Sigma Fraternity will convene at the Edgewater Hotel and will hold sessions September 2-7. Mrs. Earle P. Kirkpatrick is general chairman of the ladies program and has named as her committee on arrangements for Bay St. Louis Messdames Roger Boh, Walter J. Gex, Jr., John Bell, Granville H. Williams of this city and Mrs. Caryl S. Broome of Pass Christian.

A garden party has been arranged in the beautiful garden of the Walter J. Gex's on Tuesday, September 2 from 3 to 5 p. m. The reception committee will include besides Mrs. Kirkpatrick Mrs. Gex Mrs. Boh, Mrs. Hartwell Eldridge, Mrs. Milton A. Phillips, Mrs. Walter James Phillips, Mrs. Robert Camors, Mrs. J. Briscoe, Mrs. E. J. Lacoste, Jr., and Mrs. Dan M. Russell, Jr.

On Thursday, Louisiana Alumni Day, the ladies will visit New Orleans and the days activities will include a dinner at Antoine's as guests of the Louisiana Alumni of Kappa Sigma.

Their stay on the Coast will be highlighted with a sight seeing tour and a seafood dinner.

St. Margaret's Daughters Annual Cakewalk

St. Margaret's Daughters annual cakewalk will be held on Saturday night, August 30th at the corner of Beach and Court Streets and through the kindness of this organization, all receipts therefrom will be donated to the Clement R. Bontemps Post No. 139 of Bay St. Louis for the benefit of their Building Fund.

This is a fine gesture on the part of St. Margaret's Daughters and it is needless to say that the members of the Legion sincerely appreciate this assistance from so worthy an organization.

EVEN THE SQUIREL HAS A SAVING INSTINCT. WHAT ABOUT YOU?

Both animals and people have a basic instinct to save for future wants and needs. Saving is linked with surviving and succeeding. Man's superior intelligence has given him something far better than an oak tree. We call it a bank. And the well known term "money in the bank" is another way to say "security."

A HELPING HAND

Once in awhile you hear of someone giving the other fellow a helping hand in working out a problem that he might not be able to handle alone.

A good example of this is the way the Mississippi Committee of the U. S. Brewers Foundation works with law enforcement officers, officials and civic groups in maintaining high standards of decency.

Right now I'm thinking of the self-regulation program that W. W. Pierce, Director of the Mississippi Committee, and his vigilant staff of field investigators are enforcing among the

licensed beer dealers in Mississippi. Retailers who fail to observe the law or to recognize their responsibility to the community and the people they serve are promptly weeded out.

From where I sit, it looks like the brewing industry is rendering a real public service by seeing to it that this beverage of moderation is enjoyed in a wholesome atmosphere.

ORTTE THEATRE PRESENTS "HIGH BARBAREE" SUNDAY - MONDAY

Van Johnson and June Allyson, the sweethearts of "Two Girls and a Sailor," are sweethearts again, this time in "High Barbaree," M-G-M's stirring drama of an everlasting love, which is currently attracting large audiences.

Shifting from a dramatic episode in which a crippled plane is forced down on the South Pacific with two men facing a relentless doom, the story of "High Barbaree" flashes back to a small midwestern town. One of Alec Brooke and Nancy Fowler. Portrayed in their childhood stages by Claude Jarman, Jr. and little Joan Wells, the narrative brings them to the adult roles played by Johnson and Miss Allyson, with Alec now shown as a successful airplane corporation executive who has renounced his ambition to become a doctor under the persuasion of his boss's alluring daughter, Dianna (Marilyn Maxwell).

When Nancy, now a Navy nurse, again enters Alec's life and rekindles their old love, it becomes increasingly clear to him that he wants neither his executive's career nor the predatory Dianna, a situation which is dramatically emphasized in a tense episode in which the town is leveled by a hurricane forcing Alec to call upon his medical knowledge in ministering aid to the wounded. Then the war puts Alec into the cockpit of a Navy plane, with the final meeting between him and Nancy taking place after a thrilling rescue. Johnson and Miss Allyson are ideally cast as the romantic principals of this moving story, with young Claude Jarman, Jr., of "The Yearling" fame, again distinguishing himself in the part of the hero at the age of ten. Other splendid performances are contributed by Thomas Mitchell, Marilyn Maxwell, as the "other woman," Cameron Mitchell, Henry Hull and Geraldine Wall. A word must also be said for the direction of Jack Conway who has pieced his story together with sensitive understanding.

Mississippi farmers lose millions of dollars a year as the result of forest fires. Most of these fires are due to carelessness or indifference, says the Extension Service.

Cooling is an important factor in producing good milk. It is equally important to wash and sterilize utensils and to have a clean barn and milkhouse, according to the Extension Service.

P. M. A. NEWS

The 1948 program will be considerably less than it was in 1947. Most all of the practices that were in effect in 1947 will continue in 1948 but the payment rate for each practice will be less. The payment rate will be about 40 percent less than in 1947.

The allowance for each farm will be less also. Under the 1948 program the assistance for each farm will be \$1.00 per acre of cropland plus 30c per acre of open space. There will be a minimum allowance of \$15.00 for all farms. All practices will be under one group instead of under four groups as it was in 1947. This allowance can be increased to \$75.00 where it is to be used for building terraces and stock ponds. No one farmer can earn more than \$500.00 during the 1948 program.

Winter legume seed are expected to be available under the purchase order program through this office this fall. Austrian winter peas, vetch, blue lupine and wild winter peas are expected to be handled under this program.

Fruits to be canned should be tree ripened. Unripe fruits are low in flavor and have a hard texture.

When planning which foods to freeze, choose first those that cannot be stored satisfactorily by other methods.

Mrs. C. C. McDonald,
Secretary, Board of Trustees

TO THE VOTERS OF HANCOCK COUNTY

I cannot express in words my heartfelt appreciation for the wonderful vote given me in the Democratic primary on August 5th. It was indeed a vote of confidence and I sincerely appreciate it.

To the voters who saw fit to support any one of my opponents, I assure you that I hold no animosity toward them, but wish to take this opportunity to solicit their vote and influence in my behalf in the second Primary.

I again want to thank you for such a fine vote over such a fine group of opponents, and if elected I will do all in my power to be one of the best Clerks Hancock County has ever had.

Sincerely,

A. C. (Mitch) MITCHELL.

How women and girls may get wanted relief from functional periodic pain

Check, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken this a woman is able to stimulate appetite and cheerfulness. Some have found relief for the "time" to come, started a few days before their time is due.

Relieve pain due to purely functional distress. No other medicine.

According to the U. S. Bureau of Labor Statistics, workers in the building trades are flying high. Union workers in this line have had 15 percent raises in the last 12 months. This represents the highest yearly wage boost since 1920. Building materials have increased 86 percent from 1939 to July 1947. A pretty 29 year old strip tease dancer of Biloxi is being held in jail along with two male accomplices for the slaying of Peter Rabito, Biloxi restaurant operator. The dancer, Mrs. Marjetta Crabtree, is accused of being the brains of the stick-up mob and is said to have given morphine to her stooges before a robbery. Mrs. Crabtree has been released on bail, but the two men, Noahson Walters and Bob Tall, are still in jail with bond denied.

The Nazi Super Race is learning the hard way. Last Thursday 22 attendants of the Buchenwald concentration camp were sentenced to hang. Five others were given life imprisonment. Buchenwald is famous as the "Horror Camp" where 50,000 prisoners were murdered. These prisoners were used as human guinea pigs for medical experiment, and some were killed by the Nazi super criminals in games to see who could devise the most painful torture. Frau Koczi, wife of the commandant, had prisoners skinned so she could make lampshades, purses, gloves, etc. from the human skin. She was given life in jail because she is an expectant mother.

Last Friday the British handed India her independence. The day before the natives started fighting over state boundary lines and were firing towns and killing each other. India, really becoming two free nations known as Moslem Pakistan and Hindu India, is accepting its freedom in frightful circumstances. The trouble lies in Punjab Province, which is to be split between the two great Indian Nations. The Hindus and Moslems, religious orders always at each others throats, are fighting over where the boundary line will be.

The 1947 cotton crop in Mississippi is expected to be 1,600,000 bales with 12 Delta counties accounting for 895,000 of the total. This crop is estimated to be 50 percent above the 1946 yield.

Secretary of State George Marshall meant it when he said communists could not work for the state department. Thirty four employees and job seekers have been denied their positions, and the FBI is continuing the hunt.

The National Safety Council says 99,000 people were accidentally killed in the U. S. in 1946. The Council says 1 person is injured every 3 seconds and 1 killed every five and one-half minutes in accidents.

A British mine explosion last Friday is expected to have killed 107 miners.

The Greek Guerrillas have formed a so called democratic government in the mountains bordering Greece and Albania. Regular army forces complain that they cannot engage the elusive Guerrillas in a pitched battle.

Wilton Earls, of Fort Worth, Texas, died last Saturday from over exposure to radio-activity. Earle worked in the Oak Ridge atomic bomb plant from Feb. 1945 to Sept. 1946. At the time of his death, a Geiger counter showed that his body was emitting gamma rays.

A Mississippi National Guard riot squad raided Jackson's notorious "Gold Coast" for more than three hours Saturday and found no slot machines or whiskey. Governor Wright, vacationing in Biloxi, was unavailable for comment.

Naval ships were scouring Pacific waters around Honolulu for Ambassador George Acheson and 4 other victims of an Army plane crash. Acheson, an expert on Japanese affairs, was helping draft a peace treaty for that country. Three men were rescued and five bodies recovered.

REPORTS THE YEAR'S WORK

Miss Annie Lois May, Home Demonstration Agent for Hancock County reports a fine year of work in the county among the women. Home Demonstration clubs have been active here and in several of the rural sections.

However, because of the very high cost of foodstuffs especially can goods the women of the county have concentrated on the preserving of foods for the coming year. More food stuff has been canned dried and frozen this year than any previous year, Miss May said.

The high cost of living has been partly responsible for the women becoming canning minded but it is also the realization of a more nutritious diet for their families.

A greater number of requests for fall garden literature are coming in. This is due to the fact that vegetables for the table from their summer gardens have proven to be better than those shipped in and sold in the stores and have also been the means of reducing grocery bills.

Good yields and marketable quality potatoes depend to a great extent on selected seed. The slight additional cost will be many times repaid in the percentage of No. 1 potatoes that will be produced.

Applications of phosphate, potash and lime, in accordance with soil tests, and plantings of legumes are among the best methods of rebuilding soil.

To The Voters Of Hancock County

I want to assure you that I deeply appreciated the splendid vote given me in the First Primary Election on August 5th, for the office of Tax Assessor of Hancock County. The official returns show that I received a total of 2189 votes, leading my nearest opponent by 974 votes.

To those who so earnestly supported me in the first primary I am asking for their continued efforts in my behalf, and to those who saw fit to vote for one of my worthy opponents I am asking that they consider my candidacy and vote for me in the Second Primary on August 26th.

If elected Tax Assessor I shall do all in my power to render a good service to the people of Hancock County.

Again thanking you and assuring you that I shall appreciate your support, I am,

Respectfully,

CLAIBORNE LADNER

To The Citizens Of Beat 5, Hancock County, Miss.

On Tuesday, August 26th, all voters will enjoy their Democratic privilege of voting their own convictions. This is indeed an honor and to take advantage of this privilege one should vote as they, themselves, desire and should not permit politicians or anyone influence them differently. It has been observed that some of the candidates have been very free and generous in promising JOBS to numerous people for their support. It must be remembered that in my particular office as a Supervisor it takes a majority vote of the 5 members to determine different appointments, so these promises from one man means absolutely nothing. I want to go on record as stating that I have never promised anyone a job for their vote.

I Am Strictly An Independent Candidate

The independent voters elected me 8 years ago, then for the second term of four years ago. The Independents rallied to my support and still for the 3rd time Tuesday, August 5th the Independent voters again rallied in my behalf giving me a record vote of 1120 to my nearest opponent's 392. This is indeed very gratifying and I sincerely promise that I will continue serving in the interest and behalf of all the Citizens.

I wish to extend my deep appreciations to the voters of Lakeshore for the grand vote that was given me last Saturday in the extra election of this particular box. Even though two of the eliminated opponents namely Ola Moran and R. J. Ladner supported my opponent R. Hubbard, my vote was increased from the 1st. Primary 61 to 87 against my opponents 31 votes. Words cannot express my sincere thanks. At this time I want to also extend my appreciation to all the individual voters and to all my good friends who have been assisting me through this election.

I realize that quite a number of my friends found it necessary to vote for some of my opponents in the 1st. Primary mostly on account of relationship. Now that four of my opponents have been eliminated I trust that these good people will see fit to vote for me Tuesday.

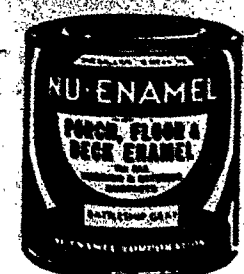

Assuring you of my deep gratitude and appreciation for your generous support,
I remain cordially yours,
